

Child & Junior Hygiene Mattress

With  **Lentex**[®]

COMFORT AT THE START OF LIFE

The Child & Junior Hygiene Mattress is a homogeneous cold foam mattress suitable for all types of beds, from small incubators to junior beds.

The mattresses are comfortable to sleep on and easy to keep clean, which is important for children with dust and mite allergies and incontinence issues.

The Child & Junior Hygiene Mattress maintains the same high hygiene standards as Järven Health Care's other ranges thanks to its unique surface layer Lentex.

The Comfort Hygiene Mattress is a homogeneous mattress with a cold foam core with a volumetric weight of 35 kg / m³.

The Child & Junior Hygiene Mattress is laminated with out unique fluid repellent surface layer Lentex. Lentex ensures that the Child & Junior Hygiene Mattress has outstanding hygienic properties. The white colour facilitates soiling detection on the surface of the mattress, an additional tool in achieving a higher hygiene level.
